## Education

### New York University

*Master of Science - Computer Science*

**August 2020 – May 2022**

*New York, USA*

### Indian Institute of Technology

*Bachelor of Technology - Computer Science*

**August 2016 – May 2020**

*Hyderabad, India*

### Silver Oaks International School

*High School - Computer Science*

**August 2008 – May 2018**

*Hyderabad, India*

## Relevant Coursework

- Algorithms
- Database Systems
- Operating Systems
- Computer Networks
- Machine Learning
- Software Engineering
- Web Development
- Data Structures

## Technical Skills

**Programming:** Python, Java, C++, JavaScript

**Frameworks:** React, Node.js, Express.js, Flask

**Databases:** MySQL, MongoDB, PostgreSQL

**Tools:** Git, Docker, Kubernetes, Jenkins

## Experience

### Software Engineer Intern

*Google*

**May 2022 – Aug 2022**

*Mountain View, CA*

- Developed a web application that allows users to search for and view the details of various movies and TV shows.
- Implemented a feature that allows users to view the details of the cast and crew of a movie or TV show.

### Software Engineer

*Amazon*

**Aug 2022 – Present**

*Seattle, WA*

- Developed a web application that allows users to search for and view the details of various movies and TV shows.
- Implemented a feature that allows users to view the details of the cast and crew of a movie or TV show

## Projects

**RateMUprofessors** | *Next.js, Amazon S3, Golang, PostgreSQL*

**Mar. 2023 – May. 2023**

- Development of a website similar to RateMyProfessor for Indian colleges where students can provide feedbacks, reviews and ratings on instructors and courses.
- Built a website version of a software that assesses and simulates the structural integrity of a building during earthquakes based on the user input and details of the building.
